Meet the Teacher

Hello! My name is Ms. Carole Holliday and I am so excited to be working with your children in the VPK room. I have lived at the beach and have worked in the early education for 40+ years. Many of our current parents have had me as a teacher during their early childhood! I hold my CDA, as well as my First Aid and CPR certificates.

I really enjoyed interacting with my parents and students pre-COVID and really miss being able to chat about all the exciting things we are doing in class.

Please always feel welcome to write me a quick note or contact me through the preschool office if I can be of any assistance to you and your family.

Ms. Carole
